London Supper

Dear OF,

Herewith your invitation to the July SOF London Supper.

Not to be missed this dinner will be held in the new fully refurbished Farmers Club Suite on the same floor as the club reception.

Do come and see this much upgraded venue.

Guest speakers those intrepid OFs Henry Dunham (S01-06) and Sam Crimp (K02-12) on completion of a long walk after ten months, 10,000 km and 11 countries later, Henry and Sam finished their truly epic adventure.

Henry and Sam came along to our London Supper in January 2016 to talk about the amazing challenge they were planning to undertake in Annie's name, we have been truly inspired by their guts and determination to reach their goal of arriving in Kathmandu. Following their blogs along the way has been both enjoyable and educational in the sense that they have visited places most of us will never see and overcome challenges most of us would not want to face.

This is your opportunity to hear about their adventure first hand.

NOTE This event will be held at the **FARMERS CLUB**.
