

THE BERNERS LIBRARY.

The Berners Library was built in 1898, at a cost of £500. It was the gift of one of the Governors, Charles Hugh Berners, 1842-1919, of Woolverstone Park, who was High Sheriff of Suffolk and High Steward of Harwich.

The First 60 Years records "*It is eminently suited for its purpose. The flooring is of wood blocks, and the windows are filled with cathedral glass. The tables, chairs and benches are of polished oak.*"

In 1899, another Governor, the Rev. Charles John Steward, added to the library with the gift of 15 autotype reproductions of well-known pictures by members of the Norwich School of Painters and other famous East Anglian artists.

A reference library was formed during Mr. Stocks' Headmastership, and was considerably extended in 1922, thanks to the generosity of E. E. Moreau CBE.
