After a Trustee has served two consecutive terms in office, (s)he shall be eligible for re-appointment only after a year has elapsed since (s)he retired as a Trustee, unless the other Trustees consider it would be in the best interests of the charity for a Trustee to be eligible for re-appointment on the retirement date for such number of further terms as the Trustees shall resolve.

STATEMENT OF PUBLIC BENEFIT – continued

The Trustees in taking their charitable duties have had regard to the Charity Commission's public benefit guidance. Details of awards made during the year can be found under the heading of Grants and Awards.

No harm has been identified as arising from the above objects; nor has any private benefit.

REVIEW OF THE YEAR

The dominant feature of the year has been the state of the stock market following Russia's invasion of Ukraine. As can be seen from note 6, the valuation gain of £14,794 made in 2021 has been reversed to the extent that we are now showing a loss of £14,186. Fortunately our cash reserves have enabled us to meet the requests made to us during the year.

Accounts

The Statement of Financial Activities (**SOFA**) remains at first glance rather alarming with a deficit of £262,992 in the restricted income fund and an overall deficit of £108,073 after taking account of expendable endowment. However, the deficit is covered by the long term loan from the Society of Old Framlinghamians (**SOF**) so the Trustees have no concern for the future of the charity. Furthermore the loan agreement permits annual repayments to be varied depending on the level of income in the year.

Donations returned to normal levels after last year's enhanced donation from the Society; £6,225 compared to £116,690. Donations from members continue to decline as time takes its toll. These now stand at £3,893 compared to £4,046 last year.

Investment income showed a modest gain from £2,328 to £3,169 helped by rising bank interest rates.

There is nothing to be shown under the heading of 'Other Income' this year. Last year's figure of £68,094 arose from our borrowing a further tranche from the facility provided by the Society of Old Framlinghamians. Because the loan tranche is interest free and for more than one year, the charity was deemed to have received a benefit. This is quantified by calculating the net present value of the amount borrowed. The benefit, in plain English, is derived from the fact that the charity will repay the loan with money which is worth less and less with time.

No loan repayment was made this year. There was, therefore, no additional element in the Concessionary Loan Finance Charge.

Investments, grants and awards are dealt with below.

Whilst the Balance Sheet remains skewed by the loan and the fall in the portfolio valuation, the Trustees consider the reserves are adequate for the level of activity currently undertaken.

REVIEW OF THE YEAR – continued

Investments

Under their current investment policy, the Trustees seek a balanced return over a 10 year+ period between income and growth, based on Investec's Medium Risk approach. There were no material changes made to the investment policy during the year.

Over the last year the portfolio, net of fees, fell 8.2% compared with a gross of fees benchmark of -7.1%. The five-year return net of fees was 13.9% compared to a gross of fees benchmark of 16.9%. The value of our investments at 31 December 2022 had fallen to £154,919. Investec have held an underweight position on UK Equities and Gilts and an overweight position on Overseas Equities and Alternative Investments during the year against their strategic asset allocation. When compared with the net of fees ARC Steady Growth Index, Investec have outperformed their peers.

Grants and Awards

Grants and awards totalled £12,232 (2021: £310,966). In addition to the OF Prizes described in more detail below, the Charity gave financial assistance to a current pupil for music lessons, another pupil for a school choir trip and another pupil for a geography field trip to Iceland.

As in recent years the bulk of the individual awards were prizes. The charity now provides the following:

- 15 prizes paying £50 at Year 11
- 15 prizes paying £100 at Year 13
- 2 Albert awards paying £150 in Year 13

All these awards are in addition to those given for 2 Moreau Leaving Scholarships each year of £1,000 per annum for three years, making an outlay of £6,000 in total per annum.

Rules and Policies

The Trustees review the charity's policies, procedures and objectives on a regular basis and implement any changes found necessary to comply with current legislation or improve the work of the charity.

STATEMENT OF TRUSTEES' RESPONSIBILITIES

Charity law requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Society and the results for the period. In preparing the financial statements the Trustees are required to :

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Society will continue.

The Trustees are responsible for keeping proper accounting records which disclose, with reasonable accuracy at any time, the financial position of the Society.

The Trustees acknowledge their responsibility to take due care of the funds under their stewardship. They have established in conjunction with their Investment Advisers a broad strategy for keeping the balance between capital growth and income.

SOCIETY OF OLD FRAMLINGHAMIANS CHARITABLE TRUST

Notes to the Financial Statements For the year ended 31st December 2022

1 ACCOUNTING POLICIES

Basis of accounting

The Society of Old Framlinghamians Charitable Trust was created by a Trust Deed dated the 3rd June 2014 and registered in England and Wales under the Charities Act 1990 (Registered Number 1158435). The registered office is 12 Woodditton Road, Newmarket, Suffolk, CB8 9BQ.

The accounts have been prepared in accordance with FRS 102 ‘The Financial Reporting Standard applicable in the UK and Republic of Ireland’ (“FRS 102”), “Accounting and Reporting by Charities” the Statement of Recommended Practice for charities applying FRS 102, the Charities Act 2011 and UK Generally Accepted Accounting Practice as it applies from 1 January 2015. The charity is a Public Benefit Entity as defined by FRS 102.

The charity is a ‘Small Charity’ as defined by the Charity Commission and the Trustees have taken advantage of the limited reporting requirements.

The accounts are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The accounts have been prepared under the historical cost convention, modified to include the revaluation of freehold properties and to include investment properties and certain financial instruments at fair value. The principal accounting policies adopted are set out below.

The Trustees are responsible for seven other charitable funds which have a connection with the Society of Old Framlinghamians and which were linked on the 17th December 2014 to this registered charity by the Charity Commission. These accounts present the combined position of the various funds.

Preparation of the accounts on a going concern basis

The assets of the charity are greatly diminished by the large creditor falling due after more than one year, being a loan from the Society of Old Framlinghamians of £302,024 (2021: £294,118). As the loan agreement between the Society of Old Framlinghamians and the Charity is flexible in terms of repayments and length, the Trustees consider it appropriate for the accounts to be prepared on a going concern basis. Also, the Charity has significant endowment funds which could be converted to income if the charity did not have sufficient restricted income funds to meet their charitable expenditure. The Trustees would only commit to charitable expenditure if there were sufficient funds and therefore the accounts are prepared on a going concern basis.

ACCOUNTING POLICIES - continued

Funds Structure

Unrestricted funds are general funds that are available for use at the trustees' discretion in the furtherance of any of the objectives of the charities.

Designated funds are unrestricted funds which the trustees have decided to set aside for a specific purpose.

Restricted funds are funds for use in a particular area or for specific purposes as specified by the donor or trust deed. These form the greater part of the charity's funds. Restricted funds can be either income or endowment (capital) funds; the latter can be expendable or permanent.

Trust law requires the Trustees to invest the assets of endowment funds. However, if the fund is expendable, the capital can be spent if the Trustees so determine.

Donations are given to support one or more of the charity's aims; those given to a fund other than the SOF Charitable Fund are treated as restricted income upon receipt unless the donor specifically indicates that it should be treated as endowment; donations to the SOF Charitable Fund are treated as unrestricted income following a change in the charity's objects. If not required to cover immediate or imminent expenditure the money may be transferred to expendable endowment and invested to generate future income for a particular fund. Investment income is therefore treated in a similar manner; namely, as unrestricted income for the SOF Charitable Fund and restricted income for the other funds.

Recognition of Income

Investment income is recognised on a receivable basis.

Donations are recognised when received and if made under gift aid are recorded inclusive of the tax recoverable.

Legacies are accounted for on a receivable basis when the following conditions for their receipt have been met:

- the final estate accounts have been approved
- the legacy is capable of measurement and
- there is no reversionary interest

Where the recognition criteria of legacies is not met ie entitlement, certainty and measurement then legacies are not provided for within the accounts but noted as a contingent asset.

Expenditure and irrecoverable VAT

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Costs of raising funds comprise of investment management fees.
- Expenditure on charitable activities includes prizes and awards donated to pupils of the College and donations to the college undertaken to further the purposes of the charity and their associated support costs.

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

**SOCIETY OF OLD FRAMLINGHAMIANS
CHARITABLE TRUST**

**Notes to the Financial Statements
For the year ended 31st December 2022**

Investments

Investments are stated at market value. Any gain or loss on revaluation is taken to the Statement of Financial Activities.

From the 1st January 2015 the trustees have pooled the investments of the individual funds into a single investment fund in order to obtain efficiencies in the management of the investments and to allow the smaller funds to access a wider range of investments.

Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

The trust only has financial assets and financial liabilities of a kind that qualify as basic financial instruments.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Borrowings and Concessionary Loans

Borrowings including concessionary loans are initially recognised at the fair value of the proceeds and are subsequently amortised under the effective interest rate method through the Statement of Financial Activities (SOFA) as interest over the life of the loan, and which is added to the liability disclosed in the balance sheet. The benefit of repaying the loan in currency subject to inflation is calculated and credited to the SOFA as finance income.

No borrowings are shown as current liabilities as the charity has an unconditional right to defer settlement for at least 12 months after the balance sheet date.

Taxation

VAT is not recoverable and is charged to the expenditure to which it relates.

Tax recovered under gift aid is recognised when the donation is received and allocated to the income category to which the donation relates.

CHARITABLE TRUST**

2 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

The Charity was provided in 2016 with a 25 year, interest free, unsecured loan facility of £500,000 by the Society of Old Framlinghamians to enable it to make an immediate grant to Framlingham College for the building of a new sports pavilion, but only £363,740 of the facility was used and £54,000 of this was subsequently repaid. In 2021 the Trustees availed themselves of the remaining facility and withdrew a further tranche of £190,260, which was used to support Framlingham College with their Vision 2025 project.

Because the loans are interest free, they are classed as concessionary loans and have to be shown in the Balance Sheet at fair value, which is the net present value of the closing loan balances. The first tranche of £363,740 is being discounted at 3% and the second of £190,260 at 2.25%. The benefit of repaying the loans in currency subject to inflation was deemed to be £257,647; £189,553 was shown in the SOFA as finance income in 2016 and £68,094 in 2021. Each year part of this credit is written back in the SOFA as a finance charge and added to the loan balance above. The charge of £7,906 (2021: £5,008) does not include an additional amount because no loan repayment was made. When this happens, in effect the discounted value of the repayment is added to the annual finance charge. The balance of the loans on an amortised cost basis is £500,000 (2021: £500,000).

No borrowings are shown as current liabilities as the Charity has an unconditional right to defer settlement for at least 12 months after the balance sheet date.

The deficit on the SOF Charitable Trust arises from donations made to Framlingham College as explained in Note 9. The donations would not have been possible without the generous support of the Society of Old Framlinghamians, who made good the shortfall in our funds by giving the charity a twenty five year, interest free loan. The Trustees wish to reiterate that the deficit is covered by the long term loan from the Society of Old Framlinghamians and to point out that the deficit on the SOF Charitable Fund will have no effect on the administration of the other funds. It is the Trustees intention to repay the loan from future donations. That income can fluctuate from year to year is acknowledged in the loan agreement, which permits annual repayments to be varied depending on the level of income in the year, with the loan period extendable at no additional cost, if required.

14 FUTURE COMMITMENTS

MOREAU SCHOLARSHIPS

The Trustees agreed in 2004 to set up a maximum of two Moreau scholarships per year from 2006. Each scholarship runs for three years at a cost of £1,000 per year. There is, therefore, a future commitment to pay £4,000 in 2023 and £2,000 in 2024 for awards already made, provided award conditions are met.

BROMAGE SCHOLARSHIP FUND

Provided all the conditions are met, the Trustees have a future commitment to pay the second tranche of the Bromage Scholarship of £500 in 2023.

15 TRUSTEES' REMUNERATION AND EXPENSES

The trustees are not remunerated. They are entitled to be paid expenses for attending meetings and duties directly relating to their duties as trustees. In 2022 no trustee was paid (2021: £nil) for travel and other expenses.

16 RELATED PARTY TRANSACTIONS

No awards were made this year (2021: £300,000) to Framlingham College, of which one trustee, Mr. P. Howard-Dobson, is a governor.

A loan facility was granted to the charity in 2016 by the Society of Old Framlinghamians, which has trustees in common with the charity. Details of this are disclosed on Note 9.
